NATEA stands for the “North America Taiwanese Engineering & Science Association”, a non-profit and tax deductible professional organization founded in 1991 and headquartered in Silicon Valley, California, USA. Its mission is to organize and co-sponsor activities promoting science and technology across the globe. Since 1991, NATEA and its Silicon Valley Chapter have hosted numerous technology related seminars, workshops, and symposiums in the US and Taiwan which are open to the general public. Learn more about NATEA at www.natea.org.
